## **186<sup>th</sup> Street Improvements in Lansing**

**CHICAGO** – The Illinois Department of Transportation announced that a resurfacing project on 186<sup>th</sup> Street in Lansing will begin, weather permitting, Monday, Aug. 7.

The project consists of resurfacing 186<sup>th</sup> Street from Illinois 83 (Torrence Avenue) to Wentworth Avenue, in addition to drainage adjustments and cleaning as well as sidewalk curb ramp installation to improve pedestrian accessibility. In order to complete the work, two-way traffic will be reduced to a single lane controlled by flaggers during the daytime hours.

The estimated completion date is late October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
